Notes:

¹FAS 0210 is a non-degree credit-bearing course, and it is a graduation requirement. It counts for 2 non-degree credits, i.e. they do not count towards the degree. However, this course can be waived upon a successful test-out.

²All degree-seeking students must earn 2 SCH of Arabic language by taking one course from the list. Arabic courses are categorized depending on the student's high school diploma and prior Arabic proficiency level.

- Holders of the Moroccan baccalaureate take ARB 1241 *without* placement.
- Holders of a French baccalaureate take one ARB course based on placement test results.
- Holders of international high school degrees with no prior Arabic language instruction take one ARA course based on placement test results.

³ Holders of the Moroccan baccalaureate must earn 2 SCH of French language by taking FRN 3210 as an exit level. Every newly admitted student is required to take a free international official French placement test TEF (*Test d'Evaluation de Français*) in order to determine how many courses in French he/she needs to take and at what level. If based on TEF placement test results students have to take additional French courses as prerequisites, the latter will not count towards the degree. Students may not take French in their first semester of study, and they can also be

exempted upon earning a minimum of C1 in TEF and 16 in GAT. International students with no prior knowledge of French may choose to take Spanish to satisfy GenEd language requirements.

⁴ This course is open only to students NOT minoring in Communication Studies.

⁵ Students minoring in Business Administration must take MTH 1305 as part of GenEd. If they take MTH 1388 as a prerequisite to MTH 1305, the credits of the former will not count in the degree.

⁶ A course with an SL component must be taken as co-requisites. Failing the course will *de facto* result in failing the SL component, too. Failing the SL component will result in an NRP in the SL component only. Students who fail the SL component must enroll in another course from their degree plan with an SL component in the subsequent semesters.

⁷ In case no subsequent course in the student's degree plan is offered with an SL component, he/she must submit an SL proposal to the SLP Committee and enroll in SLP 1101.

⁸ To complete the CIP, the student must take CIP 1001, CIP 1002 and CIP 2000. Students who choose CIP will have a missing credit that they have to make-up later.
