AL AKHAWAYN UNIVERSITY
HOUSING SERVICES AND RESIDENTIAL LIFE

Room Reservation

1. New Students

All newly admitted students are requested to make their housing reservation before the move-in days. A link to an online Housing Questionnaire is sent to all incoming students upon admission and preregistration confirmation to AUI. Within the framework of Learning Living Communities (LLCs) and in collaboration with FYE, all new students are assigned to specific buildings to facilitate their integration into the university environment.

2. Continuing Students

Phase 1 — Housing Application

- Application period: the application period, along with the housing calendar, is communicated via email to eligible students and posted on the portal.
- Eligible students must submit the online housing application through the portal.
- Submitting the application does not complete the reservation; students must also complete the second phase. Only students who complete Phase 1 can proceed to Phase 2.

Eligibility — students must be:

- Residing on campus during the current semester and preregistered for the upcoming session; or
- Returning students from Exchange, PEL, Casa, or Rabat programs who were residing and who preregistered for the upcoming semester.

Phase 2 — Roommate & Room Selection

- Selection period: the period is communicated to applicants via email and on the housing calendar.
- Only students who submitted the housing application can participate.
- Students can select a roommate (optional) and choose their preferred room and residence building.
- If a roommate request is accepted, only one of them selects the room and both students are assigned to it automatically.

Important Notes

- Room and roommate selection is first-come, first-served.
- Once a room is fully booked, it disappears from the selection list.
- It is recommended to agree with a roommate before sending an invitation.
- Students who miss the online application can appeal by emailing housingservices@aui.ma.
- Students must be preregistered for the upcoming session to receive a housing assignment.
- Housing rates and the housing calendar are attached to the original email and posted on the students' portal and should be reviewed carefully.

Important phone extensions

- Office of Male Hall Directors, residence Hall 38: Ext. 2053
- Office of Female Hall Directors, residence Hall 38: Ext. 3154 or 3333
